Joel Ross debuts a thrilling adventure series in which living in the sky is the new reality and a few determined slum kids just might become heroes. This Texas Bluebonnet selection—a fantasy filled with daring and hope and a wonderfully imaginative world—is perfect for fans of Rick Riordan and Brandon Mull. Once the Fog started rising, the earth was covered with a deadly white mist until nothing remained but the mountaintops. Now humanity clings to its highest peaks, called the Rooftop, where the wealthy Five Families rule over the lower slopes and floating junkyards. Thirteen-year-old Chess and his friends Hazel, Ben, and Swedish sail their rickety air raft over the deadly Fog, scavenging the ruins for anything they can sell to survive. But now survival isn’t enough. They must risk everything to get to the miraculous city of Port Oro, the only place where their beloved Mrs. E can be cured of fogsickness. Yet the ruthless Lord Kodoc is hot on their trail, for Chess has a precious secret, one that Kodoc is desperate to use against him. Now Chess will face any danger to protect his friends, even if it means confronting what he fears the most.

This is a great read for its target age. My 9 year old son will love it but even my 14 year old daughter is taken with it. The story is fresh and different; it’s a dystopian novel but not at all usual. Great plot twists and diverse characters with an intriguing mystery keep the action going. The author reveals the storyline piece by piece while skillfully building the world around the characters. My only complaint is this - the author cleverly has the characters mix up words and ideas from history (Made Marian and Robbing the Hood) but supposedly these stories come from bits of history collected in a scrapbook by Chess’s father. If they read these stories they would know that the word was kaleidoscope not colliding scope. Just a thought, but not one that’s going to bother young readers. I have no qualms in recommending this series for all ages. I’m looking forward to the next book.
